**DSI Services** Supply and installation of more than 150 tons Multistrand post-tensioning materials.

## DYWIDAG Multistrand Tendons for clinker silos

### Alexandria Cement Plant, Alexandria, Egypt

New clinker silos were constructed for a cement plant in Alexandria, Egypt.

The dome shaped roofs were cast on the ground and then lifted using the DYWIDAG heavy lifting system.

DSI supplied more than 150 tons of multistrand tendons for this large tank project.
