DSI Services Supply of 4,318m of *GEWI*® Piles dia. 50mm BSt 500 S with double corrosion protection; 1,251m of DYWIDAG Bar Anchors dia. 36mm St 1080/1230.

Construction of an escalator, Toledo, Spain

This escalator facilitates the access from the "Paseo de Recaredo" to the old wall of the historic city of Toledo.

DSC supplied *GEWI*® piles for a drill pile to support a platform. DYWIDAG bar anchors were also used as tie backs.
